Little Schoolhouse Day Nursery

SPRING NEWSLETTER2019

Here at Little Schoolhouse the children enjoyed a visit to a local Nursing Home where we dressed as our favourite book character and read books to the residents. We are hoping to make this a regular occurrence as there are many benefits for both the children and the residents.

Intergenerational care has great benefits for reducing depression and isolation in the older generation, it can also help with

greater mobility and physical skills. For the children it helps them develop empathy and their language and communication skills.
